

Residential Rebates	2018	2019	Notes
High Efficiency Natural Gas Furnace/Boiler	\$300	\$300	90% or greater energy efficiency (AFUE)
Variable Speed Motor	\$80	\$80	AKA-ECM
High Efficiency Natural Gas Furnace/Boiler + (Electric) Variable Speed Motor	\$380	\$380	
Electric Heat Pump Water Heater	\$200	\$215	Any size-1.8 or greater energy factor
Natural Gas Tankless Water Heater	\$200	\$215	0.82 or greater energy factor
Natural Gas Water Heater	\$0	\$60	New measure
WIFI Enabled Thermostat Contractor Install	\$75	\$75	
WIFI Enabled Thermostat Self Install	\$60	\$60	
Replacement Windows-Single Pane to Double .30 or less U-factor	\$1.50	\$3	Increased Incentive Per square foot of window
Storm Windows	\$1	\$2	Increased Incentive Per square foot of storm window
Attic Insulation	\$0	\$0.45	New measure Per square foot of insulation
Wall Insulation	\$0	\$0.40	New measure Per square foot of insulation-Added
Floor Insulation	\$0	\$0.20	New measure Per square foot of insulation-Added
Conversion- Electric to Ductless Heat Pump	\$500	\$500	HSPF of 9.0 or greater

Conversion: Electric to Air Source Heat Pump	\$700	\$700	
Conversion-Electric to Natural Gas Wall Heater or Stove	\$1,300	\$0	Measure discontinued
Conversion- Electric to Natural Gas Furnace	\$1,500	\$1200	Decreased incentive
Conversion- Electric to Natural Gas furnace + hot water combo	\$,2250	\$1700	Decreased incentive
Energy Star rated Manufactured Home- Electric or Electric/Gas customer	\$1,000	\$650	Decreased incentive
Energy Star rated Manufactured Home-Gas only customer	\$650	\$200	Decreased incentive
Multi-family Natural Gas Furnace or Boiler	\$50	\$50	90% or Greater energy efficiency (AFUE)
Multi-family Conversion from Electric to Natural Gas Water Heat	\$350	\$0	Measure discontinued
Multi-family Conversion from Electric to Natural Gas Furnace	\$350	\$350	
Multi-family Conversion from Electric to Natural Gas Furnace + Water Heat-Combo	\$700	\$700
