Re: **Case No. AVU-E-23-__**
Residential Exchange Annual Rate Adjustment Filing of Avista Corporation

Dear Commission Secretary:

The Company has attached for electronic filing with the Commission the following revised tariff sheet:

Twenty Third Revision Sheet 59 canceling Twenty Second Revision Sheet 59

Enclosed for filing with the Commission is Avista Corporation's dba Avista Utilities ("Avista or the Company") Application requesting approval of changes to the Company's Residential and Small Farm Tariff Schedule 59.

Electronic versions of the Company's filing were emailed to the Commission, and the Service List, on July 31, 2023.

Please direct any questions regarding this filing to Tia Benjamin at (509) 495-2225.

Sincerely,

/s/ Patrick Ehrbar

Patrick Ehrbar
Director of Regulatory Affairs

Enclosures

**Important Notice for Idaho Electric and Natural Gas Customers
(August 2023)**

DRAFT

Avista has made annual rate adjustment filings with the Idaho Public Utilities Commission (IPUC or Commission) that if approved, are designed to increase overall electric revenues by approximately \$6.1 million or 2.4% effective Oct. 1, 2023 and decrease overall natural gas revenue by approximately \$0.4 million or 0.4% effective Nov. 1, 2023. These annual filings have no impact on Avista's earnings.

Electric Adjustment Filings

Four annual electric adjustments were filed, that if approved, are designed to change overall electric revenues effective Oct. 1, 2023 as follows:

1. Power Cost Adjustment (PCA): an increase of approximately \$10.9 million or 4.3%
2. Fixed Cost Adjustment (FCA): a decrease of approximately \$1.9 million or 0.7%
3. Electric Energy Efficiency: a decrease of approximately \$3.1 million or 1.2%
4. Bonneville Power Administration Residential Exchange (ResEx) Program: an increase of approximately \$0.2 million or 0.1%

Natural Gas Adjustment Filing

The natural gas adjustment request is the annual natural gas FCA. If approved, Avista's request is designed to decrease overall natural gas revenues by approximately \$0.4 million or 0.4% effective Nov. 1, 2023.

Customer Bills Resulting from these Filings

If the electric PCA (AVU-E-23-08), FCA (AVU-E-23-09), Energy Efficiency (AVU-E-23-10) and ResEx (AVU-23-11) filings are approved, residential electric customers in Idaho using an average of 927 kilowatt hours per month would see their monthly bills increase from \$85.40 to \$86.54, an increase of \$1.14 per month, or approximately 1.3%. The proposed electric rate change would be effective Oct. 1, 2023.

The requested electric rate change by rate schedule are as follows:

Residential Service - Schedule 1	1.4%
General Service - Schedules 11 & 12	2.9%
Large General Service - Schedules 21 & 22	2.2%
Extra Large General Service - Schedule 25	5.2%
Extra Large General Service - Schedule 25P	5.6%
Pumping Service - Schedules 31 & 32	2.4%
Street & Area Lights - Schedules 41-49	<u>-0.4%</u>
Overall	2.4%

If the natural gas FCA (AVU-G-23-05) filing is approved, residential natural gas customers in Idaho using an average of 64 therms per month would see their monthly bills decrease from \$73.42 to \$73.29, a decrease of \$0.13 per month, or approximately 0.2%. The proposed natural gas rate change would be effective Nov. 1, 2023.

The net effect, on a revenue basis, for the requested natural gas rate change by rate schedule are:

General Service - Schedule 101	-0.2%
Large General Service - Schedules 111 & 112	-1.2%
Interruptible Service - Schedules 131 & 132	0.0%
Transportation Service - Schedule 146	<u>0.0%</u>
Overall	-0.4%

Power Cost Adjustment (PCA)

The PCA is an annual rate adjustment made to reflect the difference between the actual cost of generating and purchasing electric power to serve customers and the cost currently included in customer rates. Over

the last year, power supply costs were higher than those included in retail rates due to higher wholesale electric and natural gas prices.

Fixed Cost Adjustment (FCA)

The electric and natural gas FCA is a mechanism designed to break the link between a utility's revenues and customers' energy usage. Avista's actual revenue, based on kilowatt hour or therm sales, will vary, up or down, from the level included in a general rate case and approved by the Commission. This could be caused by changes in weather, energy conservation or other factors. Generally, under the FCA, Avista's revenues are adjusted each month based on the number of customers. The annual difference between revenues based on sales and the number of customers is surcharged or rebated to customers beginning in the following year.

The proposed FCA rate adjustments are primarily driven by variations in 2022 customer usage related to weather and savings from participating in efficiency programs. The FCA mechanisms do not apply to Avista's Electric Extra Large General and Street Lighting Service Schedules, nor to its Natural Gas Interruptible and Transportation Service Schedules.

Energy Efficiency Adjustment

The Energy Efficiency filing adjusts the level of funding for Avista's electric energy efficiency customer programs so that the level of customer funding aligns with the costs to deliver the programs. Each year, customers achieve significant energy savings and receive rebates and incentives through Avista's energy efficiency programs. The Commission approves the amount of funding for these important programs through a portion of energy rates. The rate reduction proposed reflects the lower level of funding needed to operate the programs in the coming year.

Residential Exchange Adjustment

The Residential Exchange Program provides a share of the benefits of the federal Columbia River power system to the residential and small farm customers of the investor-owned utilities in the Pacific Northwest, including Avista. Avista applies the benefits it receives, which typically fluctuate from year to year, to customers as a credit in their monthly electric rates. Due to fluctuations in usage, Avista rebated to customers a level of benefits that was slightly higher than the level of benefits received from BPA. Through this filing Avista is seeking to slightly decrease the level of benefits provided to qualifying customers in order to return the over-rebated balance.

Rate Application Procedure

The Company's applications are proposals, subject to public review and a Commission decision. Copies of the applications are available for public review at the offices of both the Commission and Avista, and on the Commission's website (www.puc.idaho.gov). Customers may file with the Commission written comments related to the Company's filings. Customers may also subscribe to the Commission's RSS feed (<http://www.puc.idaho.gov/rssfeeds/rss.htm>) to receive periodic updates via e-mail about the case. Copies of rate filings are also available on our website, www.myavista.com/rates.

If you would like to submit comments on the proposed rate change, you can do so by going to the Commission website puc.idaho.gov/Form/CaseComment or mailing comments to:

Idaho Public Utilities Commission
P.O. Box 83720
Boise, ID 83720-0074

When filing comments reference the appropriate Case Number.

Avista offers a number of programs and services to help customers manage their energy use and costs. Visit www.myavista.com for information on these programs which include Comfort Level Billing, bill payment options, automated payment service, assistance programs, conservation tips, and energy efficiency rebates.

SCHEDULE 59

RESIDENTIAL AND FARM ENERGY RATE ADJUSTMENT - IDAHO

APPLICABLE:

To Residential Customers in the State of Idaho where Company has electric service available. This rate adjustment results from an Agreement between the Company and Bonneville Power Administration (BPA) covering Residential Exchange Program benefits. The rate adjustment in this schedule shall be applicable to customers served under Schedules 1, 12, 22, 32 and 48.

MONTHLY RATE:

The energy charges for all blocks of electric Schedules 1, 12, 22 and 32 and the charges for area lights based on the energy usages of the lights on Schedule 48 are to be reduced by 0.366¢ per kWh.

SPECIAL TERMS AND CONDITIONS:

The rate adjustment under this schedule is subject to revision to reflect the true up from estimated to actual benefits and to reflect projected future benefits. In the event the credits applied under this schedule exceed the benefits, the Company will adjust the rate on this schedule to recover that difference.

The energy credit applied to Schedule 32 for farm irrigation and pumping load, for each billing period, shall not exceed the amount of energy determined by the following formula:

$$400 \times 0.746 \times \text{days in the billing period} \times 24$$

In no instance shall any qualifying irrigation and pumping load for any month exceed 222,000 kWh.

Service under this schedule is subject to the Rules and Regulations contained in this tariff.

The above rate is subject to the provisions of Tax Adjustment Schedule 58.

Issued: July 31, 2023

Effective: October 1, 2023

SCHEDULE 59

RESIDENTIAL AND FARM ENERGY RATE ADJUSTMENT - IDAHO

APPLICABLE:

To Residential Customers in the State of Idaho where Company has electric service available. This rate adjustment results from an Agreement between the Company and Bonneville Power Administration (BPA) covering Residential Exchange Program benefits. The rate adjustment in this schedule shall be applicable to customers served under Schedules 1, 12, 22, 32 and 48.

MONTHLY RATE:

The energy charges for all blocks of electric Schedules 1, 12, 22 and 32 and the charges for area lights based on the energy usages of the lights on Schedule 48 are to be reduced by 0.~~366380~~³⁶⁶³⁸⁰¢ per kWh.

SPECIAL TERMS AND CONDITIONS:

The rate adjustment under this schedule is subject to revision to reflect the true up from estimated to actual benefits and to reflect projected future benefits. In the event the credits applied under this schedule exceed the benefits, the Company will adjust the rate on this schedule to recover that difference.

The energy credit applied to Schedule 32 for farm irrigation and pumping load, for each billing period, shall not exceed the amount of energy determined by the following formula:

$$400 \times 0.746 \times \text{days in the billing period} \times 24$$

In no instance shall any qualifying irrigation and pumping load for any month exceed 222,000 kWh.

Service under this schedule is subject to the Rules and Regulations contained in this tariff.

The above rate is subject to the provisions of Tax Adjustment Schedule 58.
