In addition, these changes are to reflect the approval of UG246, a natural gas general rate case filed in August 2013. **The changes effective 11/1/14 reflect Phase 2 of the implementation of the order.**

These changes are to refine the recent Purchase Gas Adjustment (PGA) to adjust Avista Utilities' tariff schedules to reflect the projected cost of gas. The increase in sales service rates results in an increase of approximately \$180,000 of additional annual revenue to Avista, or approximately 0.14% and will increase the typical monthly bill for residential customers by approximately 10 cents.

These changes are primarily to implement a Purchase Gas Adjustment (PGA) to adjust Avista Utilities' tariff schedules to reflect the projected cost of gas pursuant to Tariff Schedule 462 (Purchased Gas Cost Adjustment provision). Schedule 462 allows the Company to adjust the rates within its service schedules for changes in the estimated purchased gas costs for the forthcoming year, and the amortization rate(s) pertaining to the PGA balancing accounts, as well as other deferred accounts related to costs associated with DSM (conservation) programs.

This change implements an overall revenue increase of approximately \$23.2 million (22.5%) annually. FA residential customer, using 53 therms of natural gas per month, will see a monthly increase of \$13.70.

Questions should be directed to Mr. Hirsch Korn, at 509-495-4723.

<b>2<sup>nd</sup> Revision Sheet 465</b>	Replacing	1 <sup>st</sup> Revision Sheet 465
<b>3<sup>rd</sup> Revision Sheet B</b>	Replacing	2 <sup>nd</sup> Revision Sheet B

The purpose of these changes is to initiate a new Purchased Gas Cost Adjustment (PGA) Schedule to be in effect for the six-month period April 1, 2005 through September 30, 2005. Avista's present PGA Schedule, Natural Gas Benchmark Mechanism (Schedule 464), expires on March 31, 2005. The expiration of Schedule 464 falls in the middle of a PGA review period (October 1–September 30). Given the expiration date of Schedule 464, as well as the Commission's current investigation of the PGA process, Avista and OPUC Staff agreed the PGA provisions set forth in the proposed Schedule 463 were the most reasonable and expeditious means of establishing deferred gas cost provisions for the Company for this six-month period (April-September, 2005). This change does not affect the Avista's present rates for service in the State of Oregon.

Questions should be directed to either Ms. Andrews at 509-495-8601 or Mr. Hirschhorn at 509-495-4723.
