Special Contract Rates		

These changes are to implement WUTC Order No. 10/04 in Docket No. UE-220053, UG-220054 and UE-210854. This is the outcome of Avista's 2022 General Rate Case filing. This results in an annual increase in revenue of approximately $38.0 million in Rate Year 1 beginning December 21, 2022. In addition, the Commission approved an increase in LIRAP funding and a rebate returning tax benefits partially offsetting the revenue increases in base rates and LIRAP. Questions should be directed to Patrick Ehrbar at 509-495-8620.

**These rate schedules (13, 21, 23, and 31) went into effect on December 21, 2022 with incorrect rates. The tariffs were resubmitted with corrected rates and approved by the Commission on January 24, 2023 with an effective date of December 21, 2022. Customers who take service on these schedules and were billed at the incorrect rates received revised bills after January 24,2023 with the corrected rates and a credit for any amount originally overbilled.*

These changes are to implement WUTC Order No. 08/05 in Docket No. UE-200900, UG-200901 and UE-200894. This is the outcome of Avista's 2020 General Rate Case filing. This results in an annual increase in revenue of approximately $13,578,000. In addition, the Commission approved an increase in LIRAP funding of approximately $651,000. The Commission also implemented a rebate returning tax benefits of $58,100,000. The tax rebate will fully offset the revenue increases in base rates and LIRAP for two years and any remaining balance will be rebated to customers over a 10-year period, subject to reexamination by the Commission in Avista's next General Rate Case. This change is to update Avista's Washington avoided cost schedule. This schedule is used to determine baseline payments for Qualifying Facilities under one megawatt and will satisfy Avista's obligation to purchase power under Section 210 of the Public Utility Regulatory Policies Act of 1978 (PURPA). These standard firm energy rates are based on information provided in Avista's most recently filed 2007 Integrated Resource Plan (IRP).

Questions should be directed to Mr. Johnson at 509-495-4046.

These changes are to implement WUTC Order No. 05 in Docket No. UE-050482. This is the outcome of Avista's General Rate Case filing of March 30, 2005. In this order, the WUTC approved and adopted a multi-party settlement agreement, subject to certain conditions. Avista accepted those conditions and the new rates were effective on January 1, 2006. This results in an annual increase in revenue of approximately $21,387,000. A typical residential customer, using 1000 kWh's of electricity per month, will see their monthly energy bill raise approximately $5.07 per month.

Questions should be directed to either Mr. Falkner at 509-495-4326, or Mr. Hirschkorn at 509-495-4723.
