Avista Utilities

Recent Changes to Washington Natural Gas Rate Schedules

The Washington Utilities and Transportation Commission recently approved the **NATURAL GAS** tariff changes listed below. While Avista Corporation seeks to keep this information current, it cannot guarantee that all changes have been noted. Please be aware, the "official" tariffs, actually in force, are on file with the Washington Utilities and Transportation Commission.

CHANGES EFFECTIVE 11-1-2025

These changes are to implement WUTC Order No. 08/05 in Docket No. UE-200900, UG-200901 and UE-200894. This is the outcome of Avista's 2020 General Rate Case filing. This results in an annual increase in revenue of approximately $8,078,000. In addition, the Commission approved an increase in LIRAP funding of approximately $614,000. The Commission also implemented a rebate returning tax benefits of $28,200,000. The tax rebate will fully offset the revenue increases in base rates and LIRAP for two years and any remaining balance will be rebated to customers over a 10-year period, subject to reexamination by the

Commission in Avista's next General Rate Case. Questions should be directed to Patrick Ehrbar at 509-495-8620.

These changes are to implement WUTC Order No. 05 in Docket No. UG-070805. This is the outcome of Avista's General Rate Case filing of April 26, 2007. In this order, the WUTC approved and adopted a multi-party settlement agreement, as filed with the Commission. The new natural gas rates are effective January 1, 2008. This results in an annual revenue increase of approximately $3,282,000. A typical residential customer, using 70 therms of natural gas per month, will see their monthly energy bill raise approximately $1 per month.

Questions should be directed to Mr. Hirschkorn at 509-495-4723.

CHANGES EFFECTIVE 11-01-2007

7th Revision Sheet 150	**Canceling**	**6th Revision Sheet 150**
6th Revision Sheet 150A	**Cancelling**	**5th Revision Sheet 150A**

8th Revision Sheet 155	**Canceling**	**7th Revision Sheet 155**

The purpose of this change is to implement a Purchase Gas Cost Adjustment (PGA), effective November 1, 2007. PGA's are normally filed annually to reflect changes in the cost of gas purchased by Avista to serve its customers. Increases, or decreases, resulting from these PGA filings directly result from the cost of gas purchased in the marketplace. Avista Utilities makes no additional profit from PGA changes. This PGA change will result in an estimated overall annual revenue decrease of approximately $12.7 million (5.8%). A residential customer using approximately 70 therms of natural gas per month will see an average monthly decrease of $5.32. The actual increase will vary based on each customer's usage.

Questions should be directed to Mr. Hirschkorn at 509-495-4723.

CHANGES EFFECTIVE 11-01-2006

These changes are to implement WUTC Order No. 05 in Docket No. UG-050483. This is the outcome of Avista's General Rate Case filing of March 30, 2005. In this order, the WUTC approved and adopted a multi-party settlement agreement, as filed with the Commission. The new natural gas rates are effective January 1, 2006. This results in an annual revenue increase of approximately $968,000. A typical residential customer, using 75 therms of natural gas per month, will see their monthly energy bill raise approximately $0.29 per month.

Questions should be directed to Mr. Hirschkorn at 509-495-4723.

Substitute 10th Revision Sheet 156	**Canceling**	**9th Revision Sheet 156**

The purpose of this change is to implement a Purchase Gas Cost Adjustment (PGA), effective November 1, 2005. A PGA is filed annually to reflect changes in the cost of gas purchased by Avista to serve its customers. This PGA reflects changes in wholesale gas and pipeline transportation costs. Increases or decreases resulting from these PGA filings directly result from the cost of gas purchased in the marketplace. Avista Utilities makes no additional profit from PGA changes. This PGA change will result in an estimated overall annual revenue increase of approximately $38.3 million (23.5%). A residential customer using approximately 70 therms of natural gas per month will see an average monthly increase of $16.39. The actual increase will vary based on each customer's usage.

Questions should be directed to Mr. Hirschkorn, at 509-495-4723.

5th Revision Sheet 191	Canceling	4th Sheet 191

The change was made to reduce the low-income rate assistance portion of Schedule 191 to levels initially authorized prior to September 5th, 2003. At the time that Schedule 191 rates were increased to meet increased customer demand for energy efficiency services, the low income rate assistance surcharge had been increased equally. Revenue generated from the increased low income rate assistance surcharge has been applied to reduce the outstanding balance of the energy efficiency programs which was the intent and purpose of the original increase.

Schedule 191 is designed to recover the costs incurred by the Company associated with providing energy efficiency services and low-income rate assistance to customers. The change to Schedule 191 rates through December 31, 2005 reflects a 0.79% surcharge for low-income rate assistance and a 0.96% surcharge for energy efficiency (based on the initial approvals in 2001). This is a reduction of approximately 0.6 cents per therm for residential customers. Beyond this date, the Schedule 191 energy rate will return to the level established prior to September 5th, 2003, an amount consistent with a surcharge of 0.50% for energy efficiency and 0.79% for low income rate assistance.

Questions should be directed to Mr. Folsom at 509-495-8706.
