

# HIDDEN DANGERS

Know what's below.  
Call before you dig.

Find and circle the five energy-safety dangers in this picture.

## ANSWERS

1) Do not fly kites around power lines. 2) Do not play near natural gas meters. 3) Never climb on the big green electrical boxes. 4) Call 811 before you dig to have buried utilities marked. 5) Do not fly drones too close to power lines.
