

# Important Notice for Oregon Natural Gas Customers

(November-December 2021)

On November 23, 2021, Avista filed a rate change proposal with the Public Utility Commission of Oregon (PUC) asking for an overall increase of 1.7% in natural gas rates, effective January 1, 2022. If this rate change is approved, Avista's natural gas revenues would increase by approximately \$2.0 million. This filing has no impact on Avista's earnings.

The purpose of this filing is to adjust the Schedule 469 Public Purpose Funding Surcharge tariff to reflect the rates required to fund Avista's 2022 energy efficiency programs. Specifically, the money collected through Schedule 469 supports the delivery of energy efficiency programs administered by the Energy Trust of Oregon (ETO), Avista's Oregon Low Income Energy Efficiency Program (AOLIEE), and other administrative costs.

## **The bottom line**

If Avista's natural gas rate request is approved, an Avista natural gas customer using an average of 47 therms per month could expect to see a bill increase of \$1.18, or 1.8%, for a revised monthly bill of \$66.97 beginning January 1, 2022. Several other non-residential customer groups receiving firm natural gas service from Avista would also see similar rate changes.
