

**We're offering
a new renewable
energy option.**

AVISTA®

Sign up for Renewable Natural Gas for as little as \$5 a month.

Join Avista's new Renewable Natural Gas (RNG) program. That's right, *renewable!*

RNG is made from the everyday waste of people and animals. Methane gas from organic waste is captured before escaping into our atmosphere and used as energy instead.

You can now offset your natural gas usage with this new carbon-neutral resource.

Simply sign up for an RNG subscription of \$5 or more to be added to your monthly bill. Your subscription can be canceled at any time.
