

The Avista logo is located in the top left corner of the image. It consists of the word "AVISTA" in a bold, white, sans-serif font, with a stylized graphic of three vertical bars of varying heights to the left of the text. The logo is set against a dark blue rectangular background.

AVISTA

A close-up photograph of a white carbon monoxide alarm. A person's finger is pointing at a small, oval-shaped button on the top of the device. The text "Carbon Monoxide Alarm" is printed in a grey, sans-serif font on the front of the alarm. To the right of the text, there are three small, oval-shaped vents. The background is a bright, out-of-focus white.

Be alert
to invisible
carbon
monoxide.

Purchase and
install a carbon
monoxide
detector today.

Natural gas is non-toxic and is the cleanest burning fossil fuel available. But if natural gas isn't burned properly, say, because of a faulty furnace, it can emit carbon monoxide (CO), a colorless, odorless gas that can cause flu-like symptoms and even death. Be alerted when CO is present. Install a UL-listed carbon monoxide detector.

We just want you to be safe.
